

## 2021 EXCELLENCE IN SUSTAINABILITY & COMMUNITY ENGAGEMENT AWARD CRITERIA, GUIDELINES AND SUBMITTAL FORM

**Eligibility:** Any individual member of CSSGA or CRMCA is eligible to participate in the awards competition.

**Areas of Recognition:**

- Recognition for individuals is determined by description of activities and impact.

**Criteria:** Individuals and companies will be evaluated for below activities they report to the Associations.

- Actions taken to create sustainable operating practices at the company.
- Research and education into sustainability in the aggregate mining and/or ready mixed concrete industries.
- Outreach, communication, and interaction with state, local, and federal regulatory/elected officials, e.g.:
  - Host a site tour.
  - Participation in stakeholder meetings, roundtables, and rulemaking with elected officials and policy makers.
  - Actions taken to educate policy makers, their staff, or the general public on issues affecting the industry.
- Additional activity will be considered by CRMCA/CSSGA staff. Designate in writing when turning in your application.

**Description of activities and their impact on sustainable operating practices and community engagement (bullet points are acceptable).**
